- Select the Clip
- Click The Audio Mixing room
- Click the Volume Bar Up or Down

Basic Text

Click Default Drag to the workspace

Note: If you can't see text look to see if you need to drag drop to lower track

- Click on text Clip
- Clip on the text in the Review
- Type Text
- Click and Drag text to the a location
- Double click on the Text for more options
 - Color, size, font or double click on Text Clip

Advance Text: Double Click on Text Clip

Advance Text Animation

Double Click the Text Clip Click the Text Click Advance Click Effect Starting Effect Choose Animation Click OK

Advance Text - Title Bar

Transition

- Select the Clip
- Click the Transition Tab
- Place the Play Head where you want it
- Choose a Transition
- Select the length of the Transition by clicking the down Transition

Notes you can also drag and drop the transitions in the timeline too.

Insert a Image

- Drag and Drop Image on Track 4, 5, and etc
- Click on the Review
- Resize the Image with small circle

Export Video / Produce

Click Produce

- Click H.264 AVC and MP4 (default setting)
- Click Start

If you want this on DVD it will not work.
